- Created and maintained tests (OpenQA) for qualifying Scibian distribution versions
- Created Linux packages (Scibian)
- Wrote Confluence documentation
- Created and maintained Ansible Roles
- Created and maintained GitLabCI pipelines

Technical Environment: Scibian (EDF Linux distribution based on Debian), OpenQA, Perl, Python, Ansible, OpenShift, Linux Packaging, Kustomize, Helm, Podman, AGILE Methodology, Jira, Confluence

2020 - 2022

Java Developer

POLE EMPLOI Mission (IT Services Company: ATOS)

TMJ Team

- Supported product teams toward autonomy
- Provided development support and TAS expertise (Tanzu App Services)
- Monitored and maintained TAS capabilities catalog
- Performed exploratory development for product teams' new requirements
- Developed transversal services on TAS
- Implemented microservices
- Implemented batch processes
- Wrote Confluence documentation
- Explored technical POCs

Technical Environment: Spring (Boot, Batch, Cloud, Data, etc.), Cloud Foundry, Concourse (CI/CD), GitLab, Apache Kafka, RabbitMQ, EMC ECS (Object Storage), Spring Data Flow, Git Flow, IntelliJ, JFrog Artifactory, Grafana, Prometheus, Thanos, AGILE Methodology, Jira, Confluence

2016 - 2019

Java Developer

CIRTIL Mission (IT Services Company: ATOS)

- Developed batch processes
- Optimized batch processes

Technical Environment: PostgreSQL 9.3, Spring Batch 3, Spring 4, SVN, Enterprise Architect 12.1, Eclipse, Jenkins, Sonar, Java 8, JUnit, SOAP Web Services

2013 - 2016

Specialized PHP Developer

M CIRTIL (IT Services Company: ATOS)

- Developed web services
- Developed user interfaces
- Developed Cron jobs
- Optimized scripts
- Developed processing scripts
- Wrote technical specifications

Technical Environment: PostgreSQL 9.3, Informix, PHP5, CSS3, Eclipse, SVN, pgAdmin III

2012 - 2013

Technical Expert and CRM Selligent Referent

SMART BOX (IT Services Company: ATOS)

- Implemented evolutions
- Developed WebDynascreen
- Used WebServices (Selligent)
- Optimized scripts

Technical Environment: Selligent 7.50.400 and 8.01.100 SP6, Windows Server 2003 and 2008, Oracle 10g and 11g

Education

2003

Master's Degree in Computer Science - University of the West Indies and Guiana, Fouillole Campus

Professional Certifications

2023

Certified Kubernetes Administrator

Certified Terraform Associate (HashiCorp)

2022

Red Hat Delivery Specialist – Automation (Ansible) Accreditation

2020

Red Hat Training Portal - Ansible

Spring Boot - Sparks Training

2016

Spring Framework 4 Advanced Implementation - ORSYS

Java EE 7 Web Application Design and Development - ORSYS
